

# DION GASHI

Computer and  
Software  
Engineering Student

## WORK EXPERIENCE

Software Developer Intern  
Vianova Health

August 2023 -  
November 2023

Started my internship by tackling LeetCode challenges, which enhanced my problem-solving abilities and improved coding efficiency and programming logic. Developed dynamic web and mobile applications using React.js and React Native, focusing on building reusable UI components and leveraging React's core features. Actively learned from and was mentored by senior developers, gaining valuable insights and refining best practices.

English Call Agent  
OT Capital

July 2022 -  
October 2022

- Provided exceptional customer service as a Call Agent at OT Capital, handling a high volume of incoming calls.
- Addressed customer inquiries, resolved issues, and provided information on products and services.
- Maintained detailed records of customer interactions and transactions, ensuring accuracy and compliance with company policies.
- Collaborated with team members to meet and exceed performance targets, contributing to a positive work environment.

SEO and Data Entry  
Era Immobilier, Switzerland

January 2022 - June  
2022

- Worked to optimize website traffic for a Swiss based company. I had the responsibility to work with keyword optimizing for its blogs and pages, google analytics, on-page seo and link building.

## CERTIFICATES

- The Complete React Native + Hooks Course

Gained comprehensive knowledge and hands-on experience in developing mobile applications using React Native and Hooks. The course covered key concepts such as component design, state management, navigation, and API integration. Additionally, it provided in-depth understanding of React's modern features, including Hooks for managing state and side effects. Successfully built several real-world projects, demonstrating proficiency in creating scalable and efficient mobile applications.

## EDUCATION

Bachelor of Computer and Software  
Engineering

University of Prishtina - FIEK  
2022-Present

## LANGUAGES

- Albanian  
Native
- English  
Fluently
- German  
Elementary

## SKILLS

- Web Development  
(HTML, CSS, Bootstrap, Tailwind  
CSS, Javascript, React.js, PHP)
- Mobile Development  
(React Native)
- Database (MySQL, MongoDB)
- OOP
- Algorithm and  
Data Structures
- Problem Solving
- Communication

## INTERESTS

- Web 3.0
- Next.js
- Microservices

- React - The Complete Guide 2024 (incl. Next.js, Redux)

Currently attending this comprehensive course to deepen my expertise in React development. The course covers advanced topics including Next.js for server-side rendering and static site generation, as well as state management with Redux. The curriculum also includes hands-on projects to apply concepts in real-world scenarios, enhancing my ability to build scalable and high-performance web applications.
